

**special webinar**

**What's in the box ?!**

**Using QF-Test with docker  
containers**

- Docker what ?
- Structure of the QF-Test docker images
- Demo

- Free virtualization software that makes it very to install, run and test any application on physical computers or in the cloud
- More resource efficient (compared to VM's), as there is no need to install a guest operating system
- Stable/defined and scalable runtime environment

# QF-Test Docker images
